HELIX 45m Feadship super yacht charter. Available for private charter across the Mediterranean.

Feadship Royal Van Lent shipyard launched the stunning F45, named Helix. She is the first yacht in the series with the Nautical interior theme, which features a modern mix of light fabric covered walls in mahogany wooden frames and a high contrast in carefully selected materials.

Designed by De Voogt Naval Architects and Sinot Yacht Design, Helix is an exceptionally sophisticated superyacht in terms of her layout, finish and technologies. The F45 series offers a unique lay-out concept for a 45-metre yacht, where the guest cabins and the master cabin are all located on the main deck. This provides beautiful views from every cabin.
