Cruise Speed	15 kts	Fuel Consumption	660.00 litres/hr

AIR has an exceptionally sleek and elegant exterior with modern lines, a unique matt black steel hull and an aluminium superstructure. She measures 81 meters (265.7 feet) in length and has a beam of 11.6m. She is the largest yacht ever to be built at the yard as well as being the largest Feadship available for charter.

AIR's luxurious, highly sophisticated and minimalistic interior, created by Remi Tessier Design, is stunning and is enhanced by impressive artwork, large windows and open doorways. The main materials used include matt-finished sycamore, leather, matt-finished special paint, high gloss stainless steel, palladium leaf, back-lit white onyx, off-white and black limestone and a wealth of carved glass. AIR is extremely spacious and can accommodate 12 guests in 7 large staterooms including an impressive split level owner's suite, two guest cabins on the upper deck, one on the main deck and three on the lower deck. The owners' observation lounge boasts a breath-taking view over the eight-metre long pool on the vast main deck forward area. The magnificent sun deck offers a well-equipped gym, lounging areas aft and forward with Jacuzzi, and a 102" pop-up television screen for outdoor movie viewing.

AIR is the first superyacht built under Annex 2 of LY2 to have a fully certified commercial helicopter pad. Other features of the yacht include an elevator to all decks, massage and steam rooms and a large foldable swimming platform with bar. She carries two 9.8-metre tenders in dedicated and fully enclosed bays.
