<b>Cruise Speed</b>	12 kts	<b>Fuel Consumption</b>	240.00 litres/hr

Built by Warren Yachts in Australia and delivered in 2001, SILVER DREAM is an exceptional yacht which has been outfitted and equipped to the highest standards. With naval architecture by Ed Dubois, the hull was refined to maximise power, performance and stability. SLIPSTREAM has been built with an impressive level of detail and quality of construction, with no expense spared. Sleek and streamlined, her black hull and silver superstructure ensure that she is a real 'headturner'.

The interior, designed by Sam Sorgiovanni, is quite stunning which, combined with exceptional craftsmanship, creates a sumptuous atmosphere in which to relax. Extensive use of leather wall coverings, printed hides and leathers are combined with metallic lacquers and clear satin on exotic veneers.

SILVER DREAM offers very comfortable accommodation for 10 persons. The superb full width Owner's Suite is located forward on the main deck, featuring a study, lounge, dressing room and his and hers bath and shower rooms en suite. There are four guest staterooms decorated with individual themes (two twins and two doubles) all located on the lower deck, each with en suite shower rooms.
